Re: Diamond Alkali Superfund Site, Lower Passaic River Study Area  
Administrative Order on Consent, Index No. CERCLA 02-2007-2009  
**Bill for Collection No. 2721626S0043**

Dear Mr. Hyatt:

The United States Environmental Protection Agency ("EPA") is charged with responding to the release or threatened release of hazardous substances into the environment and with enforcement responsibilities under the Comprehensive Environmental Response, Compensation and Liability Act ("CERCLA"), as amended, 42 U.S.C. § 9601, *et seq.* EPA has documented the release or threat of release of hazardous substances into the Lower Passaic River Study Area portion of the Diamond Alkali Superfund Site. In response to the release or threatened release of hazardous substances, EPA has spent, and will continue to spend, public funds on actions to investigate and control such releases and threatened releases at the site pursuant to Section 104 of CERCLA.

On May 8, 2007, EPA entered into an Administrative Order on Consent ("Order"), Index No. CERCLA 02-2007-2009, with the Cooperating Parties Group ("CPG") for the performance of the Remedial Investigation and Feasibility Study ("RI/FS"). Pursuant to Paragraph 80(a) of this Order, the CPG agreed to reimburse EPA for all Future Response Costs, as defined in the Order, incurred by the EPA in connection with the RI/FS from the effective date of the Order.

This letter serves as Bill for Collection No. 2721626S0043, covering the period from September 1, 2014 through August 31, 2015.

Enclosure A is a narrative statement describing the Future Response Costs paid during the time period covered by the Bill for Collection. Enclosure B consists of two itemized cost summaries, referred to as Superfund Cost Recovery Package Imaging and On-Line System ("SCORPIO\$") reports for the Diamond Alkali Site, site identification number 02-96, Operable Unit ("OU") 00 and OU03 17 Mile. For the purposes of the SCORPIO\$ report, OU03 represents the expansion

of the CERCLA investigation from the six-mile Passaic River Study Area to the seventeen-mile Lower Passaic River Study Area. EPA charges time for the CPG-lead RI/FS, CPG-lead Removal and EPA-lead work to OU03, but only charges for the CPG-lead RI/FS are included in the OU03 17 Mile SCORPIO\$ report that appears in Enclosure B, except for the excluded costs noted in Enclosure A.

Some personnel charged their time to OU00 to represent time spent on all OUs. Therefore, the OU00 costs have been apportioned among OU01, OU02 (Occidental Chemical Corporation ["OCC"]/Tierra Solutions, Inc. ["TSI"] Removal and OCC/TSI Combined Sewer Overflow/Storm Water Outfall ["CSO/SWO"] Sampling), OU03 (CPG-lead RI/FS, CPG-lead Removal, and EPA-lead work) and OU04, as described in the enclosure. While all OU00 charges are included in the SCORPIO\$ report for OU00 that appears in Enclosure B, this Bill for Collection includes only those costs that EPA has apportioned to the CPG-lead RI/FS.

EPA certifies that as of August 31, 2015, it has paid at least \$2,540,570.75 in Future Response Costs in connection with the RI/FS for the Lower Passaic River Study Area.

As per Section XVIII 80.a. of the Order, payment shall be made within thirty (30) days of receipt of this letter via electronic funds transfer ("EFT"). To make this payment, you should instruct your bank to remit payment in the required amount to EPA via EFT accompanied by the following information:

The United States reserves its rights to recover any costs paid during the time period covered by this accounting but not included in this billing, and all other oversight and response costs incurred pursuant to the Administrative Order on Consent.

EPA reaffirms its commitment to conduct appropriate and cost-effective oversight of work performed by consenting parties while ensuring protective cleanups. To this end, EPA is prepared to discuss its plans for the oversight of ongoing work at the Site, and to provide you with the opportunity to suggest ways to effectively streamline the work and its oversight.

If you have any questions regarding this matter, please contact Jennifer LaPoma at (212) 637-4328. Legal inquiries should be directed to Ms. Zizila at (212) 637-3135. Thank you for your prompt attention to this matter.

Sincerely yours,

Michael Sivak, Acting Branch Chief
